## REVIEWS

"Fairy tales often concern themselves with definitions of bravery, qualities of true love or characteristics of a real princess. All three questions come up for K'na, princess of an indigenous T'boli family in the Philippines."

- Helen T. Verongos, *The New York Times*

"Ida Del Mundo's debut feature *K'na, the Dreamweaver* (2014) feels so very much like a fable of long-ago Philippines, it's only fitting that woven into its fabric are other fables, bright threads laced into a dark tapestry."

- Noel Vera, *Business World*
